ALFRESCO

DIFFERENCE

EXCLUSIVE HEAT DELIVERY SYSTEM

With stainless steel cooking grates and refractive ceramic 5-way heat distributing briquettes, extreme high heat is evenly spread across the cooking surface creating authentic steakhouse results.

HIDDEN, FULLY INTEGRATED 120 LB. TORQUE MEGA ROTISSERIE MOTOR

This unique chain-driven whisper quiet system rotates food at a smooth and consistent speed no matter how many pounds. No counter balance required.

MADE IN USA

All Alfresco units are proudly made and manufactured in City of Industry, CA. These 18-8 stainless steel units boast all heli-arc hand-welded seams with no mechanical fasteners.

EXCLUSIVE CONTROL PANEL AND AIR COOLING CURTAIN

Special air-cooling plenum blasts a curtain of cool air that naturally flows up between the control panel and firebox keeping the front panel and bullnose cool to the touch.

EXCLUSIVE HEAT PROTECTED WIRING

Each electrical wire is fully encapsulated with a 600° heat-resistant silicone sleeve, and all electric connectors are protected with heat resistant silicone boots.

INTEGRATED, WOOD SMOKER AND HERB INFUSION SYSTEM

Exclusive cold smoke capabilities. Drawer holds large wood chucks, and linear diffusing vents naturally eject smoke at 200° to food zone.

DESIGN

HOW IT WORKS

Kitchen design projects may only be submitted to the Alfresco Design Department directly from your Mode Distributing Territory Manager. Design requests submitted through the alfrescogrills.com website will be automatically forwarded to a Mode Distributing Territory Manager at alfrescodesign@modedistributing.com. After you provide the basic information of the space where your outdoor kitchen will be, Alfresco's commercial kitchen design experts will provide a detailed design that best matches your specifications.

Once the Alfresco kitchen design is complete, it will be sent directly to your Mode Distributing Territory Manager who will schedule a consult meeting with you and the dealer to review the design. Any changes to the design should follow the same procedure outlined above.

Please allow 7 -10 days for design. Only one revision per design.

THINGS TO CONSIDER WHEN PLANNING

- The ideal location for your outdoor kitchen
- Number of guests entertained on a normal basis
- Are utilities available at the location (i.e. water, gas, etc.)?
- Orientation of outdoor kitchen to house, view, outdoor room, pool
- Orientation to sunset (be sure seating doesn't face West)
- Prevailing wind direction (avoid positioning grill backside to wind)
- Seating should be positioned at backside of grill Island enclosure material (insulating jacket required for combustible)
- Refrigeration, sealed dry storage, & large sink options may eliminate multiple trips indoors

PROVIDE AN AUTHORIZED ALFRESCO DEALER WITH THE FOLLOWING

- Simple sketch with lines and dimensions
- Direction indicator (i.e. East, West, North, South)
- Location of house in relationship to kitchen
- Location of pool (if one) in relationship to kitchen
- Outdoor room (if one) in relationship to kitchen
- Outdoor fireplace (if one) in relationship to kitchen
- Prevailing wind direction in relationship to the kitchen
- View in relationship to the kitchen (i.e. ocean view, garden, etc.)
- Photos of space (if possible)
- Gas type (i.e. natural [NG] or propane [LP])
- List of all Alfresco Products, by SKU, to be incorporated into design
- Is this kitchen a covered area? (Design may require an outdoor approved ventilator)

REQUEST RECOMMENDATIONS ON THE FOLLOWING

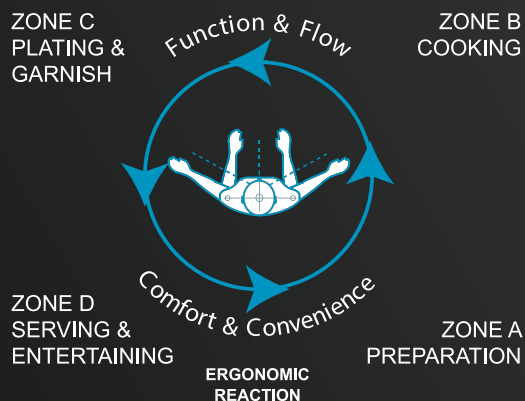

- Other convenient Alfresco accessories to optimize space
- Additional seating options
- Sink, refrigeration, and ice maker options (Kitchen may require water, drainage, and even direct drain to sewer if disposer is desired)

MAKE YOUR OUTDOOR DREAM KITCHEN BECOME A REALITY.

Zone Map Example

When designing commercial kitchens, the layout is broken into "zones," and the location of each zone is strategically placed in order to create harmony in the operation to maximize efficiency. Each zone should be ergonomically intuitive, having all the essential components confined to the zone, keeping everything in arms reach from point of stance.

ALFRESCO LIMITED WARRANTY

(Residential use only)
LIMITED LIFETIME WARRANTY
GRILLS

Alfresco will repair or replace any stainless steel part including all fabricated stainless steel components, stainless steel burners and standard round grill grates (excluding what is covered in the Five Year Limited Warranty) to be defective from workmanship and when subjected to normal residential use and service. This warranty excludes surface corrosion, scratches, discoloration, weather and atmospheric related staining, and minor surface rust and oxidation which are normal conditions. Labor to remove and replace defective parts is not covered after first year of ownership. Shipping and handling cost will apply. Alfresco recommends that you use an authorized Alfresco servicer to perform such service.

LIMITED FIVE-YEAR WARRANTY

Alfresco warrants the stainless steel briquette trays, gas valves and drip pans, to be free from defects in materials and workmanship under normal residential use for a period of five years from the original date of purchase. Labor to remove and replace defective parts is not covered after first year of ownership. Shipping and handling cost will apply. All service provided by Alfresco under this warranty must be performed by an authorized Alfresco servicer.

FULL TWO YEAR WARRANTY

For two years from the date of original purchase, your Alfresco grill warranty covers all parts and labor to repair or replace, under normal residential use, any part of the product that proves to be defective in materials or workmanship. All service provided by Alfresco under this warranty must be performed by an authorized Alfresco servicer, unless otherwise specified by Alfresco. Service will only be provided during normal business hours.

TERMS APPLICABLE TO EACH WARRANTY

The warranty applies only to products installed for normal residential use. The warranty applies only to products installed in any one of the fifty states of the United States, the District of Columbia or the ten provinces of Canada. This warranty does not cover any parts or labor to correct any defect caused by negligence, accident or improper use, maintenance, installation, service or repair.
