Memphis Wood Fire Grills prides itself on innovation, craftsmanship, and dedication to customer satisfaction. They create grills that enhance lifestyles and personal comfort while utilizing natural, renewable fuel. By designing, engineering, and testing such high performance products in the USA, they incorporate convenience into everyday life. They revolutionize outdoor cooking with their technically advanced, 3- in-1 Cooking Centers that grill, smoke, sear, roast and bake. Memphis also took the ease and sophistication of pellet grilling to another level with cloud-based Wi-Fi technology, allowing consumers to monitor their grill from anywhere.

INTELLIBURN™ TECHNOLOGY:

IntelliBurn™ increases grill performance and efficiency with a secondary combustion system that creates more heat while using less fuel.

CONVENIENT AND VERSATILE:

A Memphis pellet grill is the perfect addition to your backyard as it offers the convenience and versatility of your indoor kitchen while serving as the focal point for entertaining, celebrations and family get-togethers.

SEARING CAPABILITIES:

With the Direct Flame Insert in place, grills can access Direct Flame Modes on their controller, which allows for cooking over an open flame at high temperatures that can't be reached by most pellet grills.

WI-FI CAPABILITIES:

Wi-Fi capabilities on Memphis grills allows for monitoring, alerts and timers.

UNIQUE PELLET OPTIONS:

Memphis brand wood pellets are made in the USA from 100% natural hardwood - available in 6 delicious flavors.

CONVECTION GRILL TECHNOLOGY:

Memphis offers a full line of wood pellet grills with convection grilling technology, eliminating the need for rotisseries and other accessories.

USA BASED:

Memphis grills are proudly designed, engineered and tested in the USA.
